

## SB Boxes

### Shrink-Kon® - Thin wall heat shrink tubing

#### Characteristics

SB heat shrink tubing in a compact, handy sized neutral box used for electrical maintenance and repair

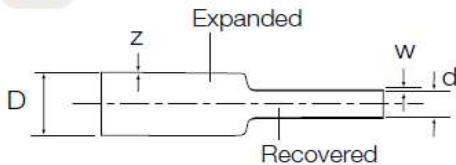

- Convenient amount of heat shrink, for small users
- Offered in 10 sizes to cover a heat shrink range from Ø 1.2 mm to Ø 25.4 mm
- Stackable boxes for easy storage
- Flexible, rapid shrinkage, non-melting for effective electrical insulation
- Flame retardant
- Colour: Black

#### Technical Information

Wall thickness	Thin
Shrink ratio	2:1
Tube characteristics	Single wall
Temperature range	-55°C to +125°C
Shrinking temperature	+110°C
Material	Crosslinked polyolefin
IP rating	IP60
Other properties	Silicone, Cadmium and Lead free
